Kanak – A Perfect Blend of Structure and Elegance in Devanagari
Kanak is a uniquely designed Devanagari typeface that beautifully merges structured precision with graceful curves. With its signature **ball terminals**, this font brings a refined yet decorative touch to each character. The letters maintain a **strong vertical alignment**, ensuring a modern and balanced appearance, while the soft curves and rounded endings introduce a sense of fluidity and elegance. Ideal for branding, editorial design, invitations, and cultural projects, Kanak captures the essence of sophistication and tradition.

It supports Hindi, Marathi, Sanskrit, and other Devanagari-based languages, making it versatile for both print and digital applications. Whether you're designing for luxury branding, artistic typography, or contemporary layouts, Kanak stands out as a bold yet expressive choice.

This typeface is designed by Bhakti Kulkarni. and it was made as a part of a 3 week course “Letter Design” guided by Rahul Gajjar.
